

1980 **Alien 21** Cat rig sailboat in good condition with main sail, 2 jibs and spinnaker. Dagger keel for low height trailering and ramp launching. All sail controls run aft. Can easily be single handed. Boom vang system supports the boom while the main is lowered. Easily single handed, sails with 1 to 3 people. Very fast with spinnaker. One of the original sport boats. Trailer has new rims with new tires. Current Oregon boat registration and title. The trailer does not need registration or title in Oregon because the total boat - trailer weight is less than 1800 lbs.

Note: The same type of boat sailed in the 2023 Race to Alaska as R2AK. YouTube - R2AK [Outtasace](#)

Price \$5200 Charlie [Newman](#) 541-601-0391
